More Than Matter: What Humans Really Are

By Keith Ward

Lion Hudson Plc. Paperback. Book Condition: new. BRAND NEW, More Than Matter: What Humans Really Are, Keith Ward, 'The question of what it is to be a human person is the biggest intellectual question of our day.' Keith Ward has taught philosophy and theology in British universities for the past 40 years, and he is now weighing in on a major intellectual battle: whether human persons are purely materialistic - nothing but matter - or whether there is another, deeply valuable part of us, which transcends our bodies in nature and moral worth: the soul. For centuries philosophers have debated the question, but the battle has taken the limelight through the works of the New Atheists. In this book Professor Ward guides the reader through a panoply of thinkers and traditions, arguing that there is more to humanity than bodies. In fact, he argues, there is more to the entire universe than the naked eye perceives. (And contrary to the New Atheist assertions, there are good philosophical arguments to back this up!).
