STATE TRADITIONS AND LANGUAGE REGIMES

To read **State Traditions and Language Regimes** PDF, make sure you refer to the hyperlink listed below and download the ebook or get access to other information which might be have conjunction with STATE TRADITIONS AND LANGUAGE REGIMES ebook.

McGill-Queen's University Press. Paperback / softback. Book Condition: new. BRAND NEW, State Traditions and Language Regimes, Linda Cardinal, Selma K Sonntag, Linda Cardinal, Language policies are political. They have political consequences as well as political origins. In State Traditions and Language Regimes, scholars from Asia, Europe, and North America shift focus from the consequences of language policies to how and why states make language policy choices. This shift, theorized through the concept of "language regime," inserts an urgently needed political science perspective into the current dialogue between sociolinguists, who research the societal effects of language policies, and political theorists of language rights, who analyze the normative implications of policies. New analytical tools drawn from comparative politics are showcased to analyze paths taken by different states in establishing language regimes, at times disrupted and redirected at critical junctures. Contributions to the volume include analyses of Canada's increasingly court-driven language policies, the United States bifurcated language regime in the aftermath of 9/11, Ireland's conflicted protection of the Irish language, France's linguistic Jacobin tradition disrupted by Europeanization, the role of political parties and coalitions in language regime stability and change in Taiwan and Southeast Asia, Poland's war-torn history informing policy toward regional languages, and the role of English in international peace-building. While other books look at the political and societal effects of language policy, none seeks to employ a historical institutionalism approach which sets language policy choice in the context of power relations embedded in state traditions. State Traditions and Language Regimes offers a comparative politics perspective, one that enriches interdisciplinary debate on language policy."
