Not illustrated. 1858 Excerpt: .delicacy; and, notwithstanding all the assistance derived from modern art, it is still no easy matter to ascertain the precise degree of purity of a piece of metal In early ages, such an operation must have been performed in a clumsy and bungling manner. It is most probable, indeed, that when the precious metals were first used as money, their quality would be appreciated roughly by their weight and colour. A very short experience would, however, be sufficient to show the inexactness of conclusions derived from such loose and unsatisfactory criteria; and the devising of some method by which the fineness of the metal offered in exchanges might be easily and correctly made known, would very soon be felt as indispensable to the general use of gold and silver as money. Such a Coinage, method was not long in presenting itself. It was early discovered that the purity of the metal would be indicated) and the trouble and expense of weighing it avoided, by marking each piece with a public stamp, declaring its weight and fineness. Such seem to have been the various steps which led the ancients, at a very remote sera, to the introduction of coined money.<sup>6</sup> It was an invention of the greatest utility, and has powerfully contributed to facilitate commerce, and to accelerate the progress of civilisation and the arts.<sup>7</sup> Without some article of known exchangeable value, Advnsuch as coin, readily received as an equivalent for other t?e10 things, the...
