

The Rockmaster System Book 1: Relating Ongoing Chords to the Keyboard (Rock) (Paperback)

By Winston Harrison

Createspace Independent Publishing Platform, United States, 2004. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.The ROCKMASTER System is for people with music in them who don't read music, but want to play keyboard accompaniment. ROCK quickly teaches you how to play along with any song whose chords are known. You can use the sheet music guitar players use, but don't have to learn the fingering for every chord, just the first one. After that the Rockmaster formula takes over, relating each ongoing chord to the chord that precedes it in the easiest way possible. Each finger stays where it is or moves to an adjacent note. The simple beauty of this formula is made even easier by ROCK's unique visual representation of keyboard chords. The ROCKMASTER System reduces what you need to know about the keyboard down to its essentials, so you can put your piano or keyboard to the use you've always wanted to as soon as possible. You can play along to your favorite songs - or even to songs you write yourself!.

Reviews

Unquestionably, this is actually the very best job by any article writer. I have read and that i am certain that i am going to planning to go through once again once more in the foreseeable future. I realized this publication from my i and dad advised this pdf to find out.

-- **Rusty Hamill Sr.**

The book is not difficult in read through better to recognize. It really is writter in straightforward terms instead of confusing. I am happy to inform you that this is actually the finest publication i actually have read in my individual daily life and may be he best book for possibly.
