Reviews

This sort of publication is almost everything and taught me to hunting forward and much more. Yes, it is actually play, continue to an amazing and interesting literature. I am pleased to tell you that this is basically the best book we have read through inside my individual life and could be he finest book for ever.
(Enrique Ritchie Sr.)

NATIONAL DEFENSE: POTENTIAL REDUCTIONS IN AIRCRAFT OPERATION AND MAINTENANCE COSTS BY USING THRUST COMPUTING SUPPORT EQUIPMENT: PLRD-82-

To save **National Defense: Potential Reductions in Aircraft Operation and Maintenance Costs by Using Thrust Computing Support Equipment: Plrd-82-** eBook, remember to click the button listed below and save the file or gain access to additional information which might be have conjunction with NATIONAL DEFENSE: POTENTIAL REDUCTIONS IN AIRCRAFT OPERATION AND MAINTENANCE COSTS BY USING THRUST COMPUTING SUPPORT EQUIPMENT: PLRD-82- ebook.

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.In response to a congressional request, GAO evaluated the Department of Defenses (DOD) efforts to save fuel and reduce maintenance costs on turbine jet engines through thrust and power management and studied the feasibility of using certain equipment which has the capability of measuring the thrust of engines while installed in aircraft. The analyses showed that the accurate measurement and setting of thrust for installed jet engines is of vital importance, not only for aircraft readiness and safety, but also for operation and maintenance cost reductions. Although test results indicate that a system is available that can perform such measurements, the services have not been using it. The Air Force conducted extensive tests of the thrust-computing support equipment that will measure thrust for installed J85-5 engines. Although the Air Force decided to implement the thrust-computing system for its J85-5 engines, the system may not be implemented due to a lack of funding. If funds are not made available soon, the system may never be implemented. If this occurs, the Air Force will lose millions of dollars already invested in the program, in addition to millions in projected savings. Furthermore, failure to implement the system may reduce aircraft readiness. The Navy has not performed any tests to determine whether its aircraft jet engines might benefit from such a system. According to the contractor, the system can offer similar significant benefits for Navy aircraft engines. This item ships from La Vergne,TN. Paperback.
