Brand New Book ***** Print on Demand *****.In *Fish, Frogs, and Fireflies: Growing Up with Nature*, award-winning outdoors writer Robert Montgomery and 13 friends explore what and how we learn about life from the everyday miracles of nature. Each story celebrates the tangible and intangible blessings we derive from the outdoors. These tales encourage us to sleep in a tent, swim in a lake, blow the fluff off a dandelion, and wish on a falling star. Invest enough time and a butterfly might land on your nose, or a hummingbird on your finger. You might see an eagle soar or a double rainbow splashed across the western sky at dawn. Read this book to a child! Take it with you on a hike, a fishing excursion, or camping trip. The essays and short stories will inspire you to enjoy the natural world, even if you don't know a cricket from a cricket frog. They will enlighten you with cautionary tales of thin ice and blazing campfires. They will entertain you with accounts of an alien invasion, white rats run amuck, and an embarrassing trip to the emergency room. *Fish, Frogs, and Fireflies* will educate you about nature's mysteries and miracles, ranging from mermaids and snake spit, to African lions and Ozarks dinosaurs. This book will take you to the stars, the mountains, and a little creek below the tree line at the baseball field. And if you enjoyed the outdoors as a child, they will bring back glorious memories.
