

Drawing rings around the world - The acquisition of meaning

By Daniel Daimler

GRIN Verlag. Paperback. Book Condition: New. Paperback. 72 pages. Dimensions: 8.3in. x 5.8in. x 0.2in. Seminar paper from the year 2003 in the subject English Language and Literature Studies - Linguistics, grade: 1, 0 (A), University of Marburg (Institute for English Language Science), course: SE Psycholinguistics, 22 entries in the bibliography, language: English, abstract: This is the implication of the anthropic principle: a universe, that allows human existence can only be observed and conceptualised - linguistically structured, for our purpose - by human beings due to the constraints set by the internal structure of the universe. This is, any theory about the world and about the phenomena it consists of has to take into account that the available data possibly reflects only a sample of the topic to be theorised. Absolute objectivity is a myth. Theories should be regarded as points of view, in its very sense. The fictional GOLEM XIV, artificial anthropologist at the MIT of the year 2029, encounters the problem from an opposite perspective: he knows well about man and the thematic role, man holds in universe. But he is not able to communicate about his knowledge without cutting down on his actual message because natural language does...
